**Fidelity Power Systems Receives  
*Exceptional Business Development Award* from Kohler Power Systems**

**BALTIMORE, MD** (March 31, 2015) – Fidelity Power Systems, a division of Fidelity Engineering Corporation, was recently awarded the national ***Exceptional Business Development Award*** from Kohler Power Systems for being the most progressive distributor of Kohler Generators and Power Systems.

Fidelity was recognized for outstanding regional sales efforts and providing advanced factory training for the engineering community throughout its markets, including Maryland, Washington, D.C./Northern Virginia and Delaware.

“Fidelity Power Systems is made up of a driven team of professionals dedicated to providing top quality generators and proactive, world-class service,” says Jim Slechta, President/Partner at Fidelity Power Systems. “We’re thankful to Kohler Power Systems for recognizing these efforts – and our achievements – with this national award.”

Fidelity Power Systems is one of the nation’s largest distributors of Kohler Generators and Power Systems, offering a full line of commercial, industrial and residential emergency power systems. Its award-winning service team is staffed with factory-trained and authorized service technicians who specialize in emergency power systems, supporting commercial, industrial, health care, critical facilities and more.

“The entire Fidelity Engineering team is proud of our Power Systems sales force and its work in serving as a leader in the distribution of Kohler Generators and Power Systems,” says Dave Lanphar, CEO of Fidelity Engineering Corporation. “Fidelity Power Systems has set the bar high and has become a model company for Kohler Distributors around the world. We’re grateful for the recognition.”

**About Fidelity Power Systems:**

Fidelity Power Systems is one of the nation’s largest distributors of Kohler Generators and Power Systems, offering a full line of commercial, industrial and residential emergency power systems. To ensure the reliability and efficiency of each product, Fidelity Power Systems offers comprehensive Planned Maintenance Agreements, Load Bank Testing and Remote Monitoring Service. These are just a few ways that Fidelity Power Systems delivers on its approach to proactive, world-class service.
